

CITY OF GREENBELT, MARYLAND
MEMORANDUM

TO: Michael P. McLaughlin, City Manager *MPM*
FROM: Terri S. Hruby, Assistant Planning Director
VIA: Celia Craze, Director of Planning and Community Development
DATE: October 17, 2012
SUBJECT: State Consolidated Transportation Program, FY 2013-2018

Staff attended the annual tour meeting on the *Draft Consolidated Transportation Program (CTP) for Fiscal Years 2013-2018 on October 3, 2012*. The FY 2013-2018 CTP totals about \$9.8 billion, compared to \$9.7 billion in 2012. Very little has changed in the Draft CTP from last year's program given the economic challenges facing the State. The full interchange for Greenbelt Station continues to be on hold despite the County referencing it at the annual tour meeting as a priority project given the discussion about possible relocation of the FBI to the north core of Greenbelt Station. The Route 201 Extended project continues to be on hold. The CTP shows a reduction of \$52.4 million in funding for the Purple Line project as a result of a reduction in available federal funding.

State Highway Administration projects account for approximately 49 percent of the total six year capital expenditures, while the Washington Metropolitan Area Transit Authority and the Maryland Transit Administration collectively account for approximately 33 percent of the total six year capital expenditures. The remainder of the capital expenditures is directed to projects within the following agencies: Transportation Secretary's Office, Motor Vehicle Administration, Maryland Aviation Administration, and Maryland Port Administration.

The FY 2013-2018 CTP continues to allocate funding to the following projects in Prince George's County including, but not limited to: US 1, Baltimore Avenue Improvements (engineering underway); InterCounty Connector (ICC); new interchange at I-95 and Contee Road relocated (currently under construction); National Harbor road improvements at I-295 and I-495; and MD 5/Branch Avenue Improvements (engineering and construction underway). In addition, the draft CTP includes funding for a number of transit related projects/services, such as funding for the annual replacement of busses in the County's TheBus fleet and engineering funding for the Purple Line project

Consistent with the City's position last year, staff recommends City Council transmit a letter to Acting Transportation Secretary Darrel Mobley, stating the City's strong support for transit related projects such as the Purple Line,

construction of a full interchange at Greenbelt Station and investment in local and regional transit. The letter will restate the City's position on the need to increase transit funding (including the establishment of a municipal transit funding program), and to close the gap between Prince George's County and Montgomery County in terms of transit investment. The letter will reiterate the City's opposition to Maryland Route 201 Extended project. As in past years, the letter will include reference to the State's sound barrier program and the need to implement policy changes related to eligibility requirements.

Maryland Department of Transportation

The Honorable Judith F. Davis
Mayor of Greenbelt
25 Crescent Road
Greenbelt MD 20770

Dear Mayor Davis:

I am pleased to provide you with the Maryland Department of Transportation's (MDOT) schedule of upcoming annual Capital Program Tour meetings for the Draft FY 2013-2018 Consolidated Transportation Program (CTP). This year's Fall CTP Tour will allow the Department and modal representatives to visit every county and Baltimore City to present MDOT's Draft FY 2013-2018 Capital Program.

In an effort to save money and help the environment, MDOT will continue to post the Draft CTP online, beginning September 4th at www.ctp.maryland.gov. Copies of the Draft CTP will be available at the Tour meetings and you may request a hard copy or CD in advance of the meeting.

Occasionally changes are made to the meeting schedule, so please refer to our website before the meeting to make sure the date, time or location has not changed. The Tour information can also be found at: www.ctp.maryland.gov. We appreciate your continued cooperation and assistance. If you have any questions or concerns, please contact Ms. Vicki Schittone in the Office of Planning and Capital Programming at 410-865-1288. I look forward to seeing you this fall.

Sincerely,

Donald A. Halligan, Director
Office of Planning and Capital Programming
